

Arizona Miner.

SATURDAY MORNING, JULY 11, 1898.

LOCAL NEWS.

Ball.—The Elysian Dancing Club gave a ball and supper on the evening of the third, both of which were very highly. The members of this club have a fine hall, and their social hops are conducted in a proper and gay manner. The club is one of the institutions of this place, and we think a good one. Success to it.

"Summer Dance."—On the Evening of the fourth, a large number of ladies and gentlemen assembled in Elysian Hall and "tripped the light fantastic" until half-past eleven, when they adjourned for their homes, wearied with two nights dancing, and retired to slumber. Our folks are "some on dancing," and we venture to assert that their eye-lids closed soon after retiring to bed Saturday night.

Our brother "Pelican." Joe Lennon, came up from his ranch on the Rio Verde to celebrate the fourth. Joseph was in good health and spirits, and talked of seeing the Mississippi soon. His own crop, he thinks, will see him through.

La Paz and Prescott Road.—On the last trip of Werninger and Jones trains from La Paz to Prescott, they stopped at several points on the road between this place and Date Creek, when all hands turned out and worked upon the road. Mr. Werninger informed us that most of the labor performed was done in Bell's Canyon and on the Mesa this side of Camp McPherson, both of which places had become almost impassable. In addition to the work performed by the men in the employ of Jones and Werninger, these two gentlemen have subscribed liberally for the purpose of having the road shortened and repaired. Other freighters have done likewise, and we are told that the merchants of this town are acting in the matter. Yuma County has, we are informed, had a Road Superintendent, some men and a team employed for some time past in repairing bad spots of the road lying within her boundaries, and it has been suggested that Yavapai might do something similar. With the expenditure of very little money, the present route could be shortened considerably, and a better route obtained. Hope our people and the County will move in the matter; the teamsters it appears as, are doing their best to lighten our burden, for they have reduced the price of freight from La Paz to this place from 8 to 6 cents per pound, and say they are prepared to reduce it still lower as soon as possible. Our true policy is to meet them half way and aid them all we can, to accomplish this necessary and desirable end. We want a cheap freight tariff and cheap goods.

Ed. W. Wells, Jr., Clerk of the District Court, has changed his residence from Montezuma to Granite street. When not in his office in the Court House, he will be found at his residence, on the east side of Granite street, opposite the blacksmith shop.

MILLER'S RANCH.—Sunday last we took a walk in Miller's Ranch, and found everything O. K. We called on our friend John Buckley who runs the blacksmith shop, and found him at work. He says he is overran with work and "still it comes." The valley looked beautiful. Jake was fixing up his train of wagons for a trip to La Paz, and altogether the place presented a busy appearance.

THE freight trains of Jones and Werninger started for La Paz on the evening of the fourth.

BEACH'S train has gone to the Rio Verde.

GOING TO BLACK CANYON.—We learn that Mr. Bradshaw, who is now in this town, talks some of raising a party for the purpose of proceeding to Black Canyon Creek and working the placer. Mr. Bradshaw is a brother of the man who first led a party of whites to these diggings, and the gulch mines known as the "Bradshaw Digging" were found by him and named after him. Nearly all these gulches have since been worked by Mexicans, who, we know, made fair wages out of them, but there are others in the immediate vicinity that will pay, and now, that the rainy season has commenced, is the time to try them. If pay cannot be got out of the gulches, it is a dead sure thing that fair wages can be made out of the bed and bars of the Creek. Black Canyon is distant about 46 miles south-east from Prescott.

WELCOME HOME.—Mrs. Silverthorn and Mrs. Dickson, who have been residing in California for over a year past, arrived at their homes in Prescott Thursday evening last. Their Father, Joseph Elie, and their husbands, who went out on the road to meet them, came in with them. They are pioneers of Arizona, and we welcome them back.

D. S. LOUNT, formerly a member of the Third and Fourth Legislatures, and who has, of late, been living on the Lower Agua Fria, has returned to Prescott. Mr. Lount is an honest man, a sound Democrat, and never "bolts."

RACES.—The Fourth of July did not pass away without our citizens enjoying the luxury of a horse race. In fact, we were treated to several of the scrub order. We, the Ed. paid our money and rode down below Fort Whipple to see them, as did a great many more people of both sexes, and conditions in life. Some money was bet and a large amount of jawbone changed location, but it did not appear to affect the weather or the price of feet materially. A bay and a gray ran against each other, or tried to, but, some how or other, neither of them beat, although one came out ahead! Of course the crowd wished to see some person or thing beat, and as they could not see it at the races they returned to town and saw one man "beat" four or five other men, and that man was a little man named Satisfactory!

THROUGHOUT.—Prescott was full of people from the surrounding country during the week. Walnut grove was well represented in the persons of Messrs. Cargyle, Swain, Cullumber, Henry, White, Lamberson, O'Brien, McCloud and others. Henry said that whenever intelligent jury men were needed here, a big draw had to be made on the Grove, which, no doubt, is true. The people of the Grove, want a postoffice very bad, and they have taken steps to get one. Roasting ears are in season down there, melons are nearly ripe and to crown all Mr. Lamberson informed us that his peach trees were bending under loads of that delicious fruit. He has now 4,000 peach trees in his orchard. Pretty good for a four year old settlement in what Governor McCormick's organ calls a "wilderness."

THE mail for Lynx Creek, Woolsey's Ranch, Big Bug and Turkey Creek leaves Prescott Wednesday mornings.

TUESDAY last, lightning struck a tree that was standing near the saw-mill, felled and set fire to it.

COURTS.—The U. S. District Court met here on Monday last. A U. S. Grand Jury was in attendance upon it, but there being no business before said Court, Judge Turner dismissed the Jury and adjourned the Court. The Territorial District Court is now in session. In our next we will publish proceedings.

LARGE YIELD OF BARLEY.—Daniel Hatz, of Leonora Valley, on the Agua Fria, gathered, recently, from three acres of volunteer barley, 150 bushels, and it hasn't been a very good year for barley either. He brought some of it to town and sold it for ten cents per pound.

NEW WHEAT.—We saw, the other day, at the liquor store of Jackson & Co., a sample of wheat from Dickson's Ranch, Lower Agua Fria, which was hard to beat in any country. The stalks were tall, and the heads large and well filled. Farmers who looked at the sample pronounced it "splendid."

UNWARRANTED ATTACK.—Thursday night two soldiers from Camp McPherson, called at the saloon of Jackson & Co., in this town, abused the bar-keeper, Joe Todd, and for so doing were ejected from the premises by Mr. Jackson. They then went to their camp, got their arms, returned to the saloon and attempted to shoot Mr. Todd. They were then and there disarmed by Deputy Sheriff Brooks, and marched to the calaboose, where they were confined during the night. They were set at liberty next morning, and are by this time on their winding way to McPherson. Whisky, and a grudge which they seemed to have against Mr. Todd, caused them to act so, we suppose.

THEATRE.—The Camp Whipple Dramatic Association will appear before the public of Prescott and vicinity, Monday evening next, at Elysian Hall. The programme for that evening's entertainment is a good one; the hall has been fitted up with scenery, etc., in neat and comfortable style; the character of the company for ability is first rate, and we bespeak a good turn out for them. Messrs. O'Neill and Wortman, leading members of the company, wish us to state that no immoral or indecent word or act will be allowed on the boards of their theatre. Turn out everybody, and give them a hearty reception.

MARRIAGE OF OUR PARTNER.—We have a sad and mournful tale to unfold to our readers this week. Our partner, B. H. Weaver, who we have heretofore looked upon as a modest, virtuous, confirmed old bachelor, has been caught in the matrimonial noose, and is now bound up, tighter than beeswax, to one of the fair sex. However, we wish him and his fair partner long life and happiness, and may God have mercy on their souls.

ADMINISTRATOR'S SALE.—Some very desirable property belonging to the estate of J. W. Simmons, deceased, is offered for sale in to-day's paper.

RAIN.—The first rain of the season fell on the morning of the 8th inst., but it was a futile effort. Tuesday night it rained considerably, but the ground was so dry, this second fall did not wet it over two inches in depth. But the sign kept still right—the weather was warm, the "thunder crashed, the lightning flashed," and old stagers knew that the elements meant business, and they did, for on Wednesday evening the flood-gates of heaven were thrown open, and the rain descended in torrents during the night and up to eight o'clock next morning, thoroughly saturating the ground and thereby gladdening the hearts of our farmers. Before the rain, the crops looked very "crispy," and men went around shrugging their shoulders and prophesying a "dry summer," but thanks to him "who doeth all things well," they have proved false prophets. A bountiful harvest may now be looked for, the husbandman will be rewarded for his toil, and the miner may expect to be able to purchase the products of Mother Earth for reasonable prices. Our summer rains generally last until about the middle of September.

JAMES GRANT, who has the contracts for carrying the mail upon three routes north of the Gila, returned home from Wickenburg, Tuesday last, and informs us that everything is now arranged in good shape to keep up regular service on his routes. Stages will be run from Wickenburg to Maricopa Wells, to connect with Capron's stage, from Los Angeles, California, to Tucson, in this Territory. Mr. Grant visited the settlements on Salt River, and was delighted with the headway made by the settlers. The wheat and barley had all been harvested and shipped to Wickenburg, where it was being sold at 8 cents per pound. The corn crop was growing finely, and Mr. Grant is of the opinion that the Salt River bottoms are the most fertile of any in the world. Thousands of acres remain uncultivated. On the way from Phoenix to Wickenburg, while Mr. Grant was travelling in the vicinity of White Tank Mountains, at night, he saw a party of Indians, and fearing they might be Apaches, he got away from them as fast as possible.

WICKENBURG.—The mail rider informs us that some Mexicans recently found, under a stump at Wickenburg, a deposit of gold bullion, supposed to have been deposited there by Sol Barth. This money, it is supposed, is the same that was sent some years ago, by Mr. Bertrand to H. Cohn, of La Paz, by Sol, who never paid it, and claimed that it was taken from him by Highwaymen near Wickenburg. If this is so a mystery is cleared up, as well as the character of an honest man, Mr. Barnett, who was a partner of Barth, at the time, and who, of course, was thought, by some, to be concerned in the matter.

CHANCE TO PURCHASE A GOOD HORSE.—We direct attention to the advertisement in to-day's MINER, offering for sale, the fine, thorough-bred stallion, "Bourbon." He is of the Glenoe stock, and was got by Rileman, out of Patsy. This is a splendid chance for a person wishing to raise good draft animals. Address "Lieutenant Robert S. Oliver, Fort Whipple, Yavapai county, Arizona."

THE STERLING.—There is a probability of work being resumed upon this rich sulphur lode, at an early day. Arrangements are now developing that may lead to that desirable end.

WORK is still going on at the Chase, and upon the Chloride. Frank Alters believes he will yet reach happiness and prosperity in the Chloride.

AR Walker's work is being prosecuted upon several ledges.

NEXT week, we intend to re-publish the account of General Devin's recent trip to Eastern Arizona, for the reason that several people want to send it to friends in the East and California.

A TEN-MILE team belonging to Campbell & Buffum arrived in town from La Paz, Thursday evening, with goods for their store here. One of their wagons broke down in the vicinity of Date Creek.

MURDER OF SOLDIERS BY APACHES.—Our correspondent "Reno," of Camp Reno, in this county, writes, under date of June 26th, 1898, that on the 16th the villainous Apaches attacked and killed four out of a mail party of five soldiers, between Camps Reno and McDowell. The party was composed of Sergeant Lemons, privates Murphy, Merrill, Murphy and Theely, all of whom, excepting Theely, who fought his way through the savages, were killed. They belonged to Co. E, Eighth cavalry.

The Pimas made a scout recently, upon which they killed one Apache and burned some wheat. "Reno" says the mountains are full of Indians, and their signal fires were burning on almost every hill top. Next week we will publish his account of the fight.

FROM KIRKLAND VALLEY.—We have received a private letter from this valley, which states that the farmers had finished harvesting their small grain, and that the corn was looking fine. The Indians were amusing themselves by killing hogs belonging to Jackson & Bore, who reside at the lower end of the valley. Our correspondent says they killed them out of pure meanness, as they neither ate nor packed off the meat.

A Card.

Reports having been put in circulation by certain parties, that J. H. Beland, did, while in my office as Deputy Sheriff of this County, use and appropriate county moneys for his own private purposes, I hereby pronounce all such reports untrue. Mr. Beland, while in my office, did his duties well, and accounted in a proper manner for every dollar that came into his hands.

A. J. MOORE,
Sheriff of Yavapai County.

WM. M. EVARTS has been nominated to the Senate to be Attorney-General.

The wife of Manton Marble, of the World, died in New York, recently.

The Fenians are again at their old tricks,—scaring the Canadians.

The President has nominated A. J. Moulder, to be Surveyor-General of California.

JOHN H. SHERATT is to be tried for conspiracy, instead of for murder. He has been released on bail of \$25,000.

GOOD NEWS.—To us, the most interesting news brought by yesterday's mail, is the fact that General Sherman and Sheridan have recommended the granting of aid to build the Southern Pacific Railroad.

The Washington National Intelligence is after Secretary McCulloch with a sharpstick; it wants him removed.

SAN FRANCISCO.—The Democrats of San Francisco are up and doing their very best to increase their majority in the city. The new Republican organ had made its appearance. Its name is "The National Republican."

GREENBACKS NOT A LEGAL TENDER.—In the House of Representatives, recently, after Mr. Spaulding had made a speech against paying the national debt in greenbacks, Mr. Eldridge inquired whether he understood the gentleman to assert that the act of Congress providing debts to be paid in legal tender was unconstitutional?

Mr. Spaulding replied: Most distinctly, and the Supreme Court will so decide.

Mr. Eldridge: There is no difference between us on that point.

MARRIED.

At the residence of the brides parents, in Prescott, Wednesday evening, July 8, 1898, by Justice S. E. Blair, BENJAMIN H. WEAVER and Miss CAROLINE E. STEPHENS, all of Prescott.

On Sunday, June 28, 1898, by M. D. Dobbins, Justice of the Peace, at the Rancho Los Yumas, Yuma county, Arizona, WILLIAM G. FOLIOLESTER, formerly of Nashville, Tennessee, to Miss ROSA A. MORALES, formerly of Ures, Sonora.

The many friends of Mr. Foliolester, throughout the Territory, will no doubt wish him joy on his tour through the State or Matrimony. Long life and happiness to yourself and wife, old boy.

DIED.

At Phoenix, Yavapai county, Arizona, June 26, 1898, JOSEPH W. PATTERSON, formerly of Petaluma, California.
Sacramento papers please copy.
